
Advocacy and Protective Services, Inc. is a not-for-profit organization serving adults with intellectual and developmental disabilities throughout Ohio.

APSI serves persons who are:

- 18 years or older
- A resident of Ohio
- Eligible for services from a county board of developmental disabilities

We provide guardianship and other alternatives in a way that promotes self-determination, self-advocacy, least restrictive services, and supported decision-making.

APSI provides services as a last resort, meaning that if there is an alternative person (family member, friend or other entity) who is willing and able to support the person, then APSI will not serve that individual.

LOOKING TO GET INVOLVED?

APSI has an opportunity for you: Board of Trustees, careers, and more!

INTERESTED IN SUPPORTING OUR WORK?

Every donation helps our clients live their best lives.

APSI hio

Empowering adults with developmental disabilities through advocacy & guardianship services.

Since 1983, APSI has served adults with intellectual and developmental disabilities.

We provide guardianship and other decision-making supports as we advocate for outcomes that promote dignity, respect, and enhanced quality of life for our clients.

**Serving
critical needs,
one person at
a time.**

Services

The focus of APSI's services is to improve our clients' quality of life.

As we advocate and provide consent, we build relationships with our clients, involve them in decisions, and monitor through visits and other communication.

APSI strives to provide the least restrictive services appropriate for each individual's unique needs including:

GUARDIANSHIP

Appointed by probate court to make decisions about daily life.

ALTERNATIVES TO GUARDIANSHIP

Such as supported decision-making and informal support.

TECHNICAL ASSISTANCE

Guidance on guardianship & advocacy for families, individuals, and professionals.

Impact

24/7, 365 days a year, APSI provides consent for our clients' medical, housing, and other support services. Our team advocates for thousands of individuals to help them live their ideal life.

With APSI, individuals realize their dreams — whether they dream of a vacation, a job, or more independence.

We champion the wants and needs of people with intellectual and developmental disabilities by advocating for policies that promote inclusion, leading initiatives in the guardianship field, and educating the community.
